4. Add your children to your account

Dear CLES Parents,

We received great feedback on our hot lunch program last year, especially with the variety days, and we'd love to continue this in the upcoming school year! To do so, we need your help in building a volunteer team.

What would you be doing?

- Hot Lunch Delivery: Volunteers are needed to help receive and organize the lunch delivery at 11:20 AM. Meals are separated by classroom, and volunteers sort them by grade, then deliver them to classrooms using carts.
- Pizza Fridays: One volunteer is required to help grade 3 students with their pizza boxes. The grade 3s are efficient, and the role is mainly supervisory.

Time Commitment:

- Each task takes approximately 30 minutes. We'd need your help around 2-3 times per month, depending on volunteer turnout. With enough volunteers, this could be reduced to 1-2 times per month.
- We plan ahead, so it's easy to schedule your volunteer dates.

Why Volunteer?

- Without volunteers, we might have to reduce the program to 1-2 days a week or cancel it altogether.
- The funds raised through hot lunch go directly to supporting your child's class activities, like field trips and special events.
- Our teachers are doing amazing work and need our support more than ever. By volunteering, you're helping them, too!
- Plus, you get to see your child, connect with school staff, and lead by example for students.

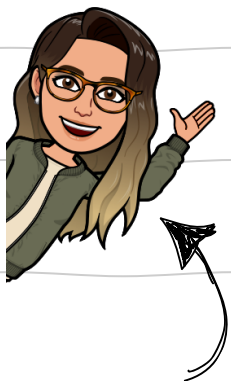

Volunteers this year have the option to eat lunch with their children after delivering meals (please ask us for details).

We know life is busy, but your help makes a big difference.

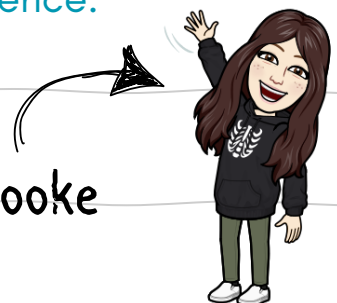

Sincerely,

Brooke & Renae

We are your volunteer hot lunch coordinators and support for all things hot lunch! If you should have an issue just send us a friendly email at **cleshotlunch@gmail.com**
